Fur-tastic
DOG GROOMING

I originally designed the moose for college bar concept

Two years later it changed concepts and went to an upscale casual barbecue and pizza restaurant.

The interior was done as a lodge with logs and stone,

Designed the outside of the buidling and produced the Moose Head, the cow print, the architectural lettering and the neon sign on the side.

7 SIGNS YOU NEED YOUR DRYER & VENT PROFESSIONALLY CLEANED:

1. Clothing is damp when dryer stops.
2. Dryer cabinet Hot to touch while operating.
3. Dryer runs twice to dry clothes.
4. Clothing has a moldy odor.
5. Dryer sheets used regularly.
6. Lint on back of dryer, walls & floors behind appliance.
7. Exhaust damper outside of house doesn't fully open when dryer is operating.
